

COMPUTER NETWORK AND INTERNET
ACCEPTABLE USE AGREEMENT

In order for the **Danbury Local School District** to be able to continue to make its computer network and Internet access available, all district employees and students must take responsibility for appropriate and lawful use of this access. All district employees and students must understand that one individual's misuse of the network and Internet access may jeopardize the ability of all to enjoy such access. While teachers and staff members are responsible for supervision of network and Internet access, all district employees and students must cooperate in exercising and promoting responsible use of this access. The use of the computer network and Internet is a privilege, not a right. The School District is providing access to its computer networks and the Internet for *only* educational purposes. If you have any doubt about whether a contemplated activity is educational, you may consult with the District Technology Coordinator or the person(s) supervising the activity to help you decide if a use is appropriate. A user who violates the Policy and breaches his/her Agreement, shall at a minimum, have his/her access to the computer network and Internet terminated, which the Danbury Local School District may refuse to reinstate for the remainder of the user's tenure in the Danbury Local School District.

USER AGREEMENT

Every student, regardless of age, and district employee must read and sign below for access to Internet and the district network.

Should I commit any violation or in any way misuse my access to the **Danbury Local School District** computer network and the Internet, I understand and agree that my access privilege may be revoked and school disciplinary action may be taken against me.
